

Your Pals Need Blankets!

Why blankets? They help keep horses warm in winter, and protect them from flies in the summer. Blankets give horses (and unicorns) more style per mile!

Dress Your Pal for SOCKsess!

1

You will need a **grownup's spare sock**, a good pair of **scissors**, and a **glue stick**.

(Be sure you ask the grownup for permission and help, first.)

2

Using this pattern as a guide, and with the ankle part of the sock folded flat, cut out a goblet shape. Cut along the dotted lines on the sides, not the top or bottom.

3

Put the blanket over your Pal's front legs. If your blanket tie is too long, fold it over and fasten with a glue stick.

SOCKsess!
Thanks, Pal!!

You'll need a grownup to help with this activity!
